8. Risk Profile of the business

The Wilkinson Partnership is an independent business located in Winslow offering estate agent services in Winslow, Leighton Buzzard, Milton Keynes and surrounding areas, including parts of Hertfordshire, Northamptonshire, and Oxfordshire. Property offered for sale is generally within this area although the vendors may be located elsewhere. The services we offer are valuation and sale of residential property ranging from flats to large country houses and equestrian properties, and valuation and sale of land for development, agricultural and leisure use.

Typically properties (including land) which are sold through our business fall within the value range of £40,000 to £2,000,000; we are rarely if ever instructed to sell properties valued at over £2,000,001.

We also typically act for local farmers in the sale of substantial land holdings – 100 acres +, and this is usually sold to well known National Houses Builders as part of major strategic development areas.

The majority of our clients are either owners and occupiers who we meet in person or landlords and owners who do not live in the property. We do deal with clients who live abroad, but this is occasional and rare.

We do not accept instructions from any person who we know is on the UK financial sanctions list.

We do not accept any cash payments in regard to sales fees and do not accept any cash payments from sellers or buyers for other services we provide, they can pay by cheque, card payment or bank transfer.

Summary of our risk profile –

- We generally act for residential clients who reside at the properties we market.
- We rarely act for clients who live outside of the UK.
- We meet almost all our clients face-to-face. Clients not met will be treated as higher risk
- We never handle any cash that will be used to purchase the property.
- In the past 12 months, we have not acted for any client who is politically exposed.
- The transactions we are involved in always involve other third parties, such as solicitors, banks, building societies, etc., who are also subject to the same legislation
- We have not acted for any client involved in complex or unusually large transactions, in the past 12 months

As part of our process we carry out an individual risk assessment on each Vendor and Purchaser we deal with. The information used in carrying out the risk assessment is provided to Lifetime Legal who carry out customer due diligence on our behalf. A fee is payable to Lifetime Legal by the Vendor and Purchaser, for which The Wilkinson Partnership do not receive a fee or commission. Please ask for further details.

9. Customer Due Diligence Procedures

A risk assessment must be carried out on each transaction before any estate agency work is carried out with or for a buyer or seller, to determine the level of Customer Due Diligence which is required.

Following the risk assessment, a business relationship may not be established until CDD has been carried out in accordance with the company's current procedures.

For Vendors this means that a property may not be advertised for sale until a pass result has been achieved for **all** relevant customers and beneficial owners.

For Purchasers a Memorandum of Sale must not be completed until a pass result has been achieved for **all** relevant customers and beneficial owners.

Under current procedures for individuals resident in the UK, CDD is deemed to have been completed when all relevant customers and beneficial owners have received an AML Pass result following an electronic ID verification which meets the standards required by the regulator. Further due diligence measures must be taken in certain circumstances, including:

- Where an AML Pass result is not achieved following electronic ID verification;
- Where a customer or beneficial owner is not resident in the UK;
- Where a customer or beneficial owner is not a private individual (ie companies, charities, trusts)
- Where a beneficial owner is deceased;
- Where a beneficial owner has appointed an Attorney

For the avoidance of doubt, where CDD measures cannot be satisfactorily completed, the company must not establish a business relationship or carry out estate agency work with, or for, the seller or buyer.

Staff are obliged to raise an internal SAR where they know or suspect, or where there are reasonable grounds for having knowledge or suspicion, that another person is engaged in money laundering, or that a terrorist finance offence may be committed. All relevant staff must ensure that they understand what constitutes suspicious activity and are familiar with reporting procedures.

Staff in breach of this policy may be subject to disciplinary action.

Customer Due Diligence is carried out on our behalf by Lifetime Legal, who provide us with a compliance pack for the Vendor and the Purchaser on each transaction. Both packs will contain full customer due diligence in line with our individual risk assessment, while the Vendor pack will also include evidence of ownership.

All Vendors must be referred to Lifetime Legal as soon as we have agreed terms to market the property. All Purchasers must be referred to Lifetime Legal before a Memorandum of Sale can be completed. A fee is payable by the Vendor and Purchaser to Lifetime Legal for which The Wilkinson Partnership do not receive a fee or commission. Please ask for details of current fee charged by Lifetime Legal.

9.1 Normal Due Diligence

In carrying out Customer Due Diligence on individuals, Lifetime Legal will:

- confirm the client's full name, current home address, and date of birth;
- obtain a piece of independently verifiable data such as a Driving License, Passport, or National Insurance number;
- use the above to run an online ID verification search against data held by Experian and/or Equifax in line with the client's evaluated risk profile;
- require the client to complete an online facial recognition check which compares their image with the image held in their government-issued ID document, and confirms the validity of the document itself.

We will review the clients circumstances in the event of any material changes such as:

- Clients changed their name.
- Clients changed address or country of residence.
- Buying through a different Company.
- Changed from buying with a mortgage to cash.

Will refresh our customer due diligence and risk assessment as appropriate.

9.2 Enhanced Due Diligence

Additional due diligence measures may be required for a variety of reasons, as outlined below:

- Where an AML Pass result is not achieved following electronic ID verification

Lifetime Legal will obtain certified copies of appropriate documents providing proof of identity and proof of address.

- Where a customer or beneficial owner is not resident in the UK
Lifetime Legal will obtain certified copies of appropriate documents providing proof of identity and proof of address.
- Where a client resides in a high-risk jurisdiction
Lifetime Legal will obtain certified copies of appropriate documents providing proof of identity and proof of address and will refer to the MLRO for a decision on whether to proceed with the transaction.
- Where a customer or beneficial owner is not a private individual (ie companies, charities, trusts)
Lifetime Legal will take all reasonable steps to identify the beneficial owner of the corporate entity and will carry out normal due diligence on all relevant individuals.
- Where a beneficial owner is Deceased
Lifetime Legal will obtain a copy of the appropriate documents confirming the names of the Executors and will carry out normal due diligence on all relevant individuals.
- Where a beneficial owner has appointed an Attorney
Lifetime Legal will obtain a copy of the appropriate documentation confirming the names of the Attorneys and will carry out normal due diligence on all relevant individuals
- Where the client or any individual identified under the circumstances set out above is confirmed to be a Politically Exposed Person, a Relative or Close Associate of a Politically Exposed Person.
Lifetime Legal will obtain a statement from the individual confirming source of funds / wealth and will refer to the MLRO for a decision on whether to proceed with the transaction.
- Where the client is subject to Sanctions
Lifetime Legal will inform the MLRO and the transaction will not proceed.
